American Financial Services Association
Protecting Access to Credit and Consumer Choice Since 1916

WHAT IS AFSA?

Founded in 1916, the American Financial Services Association (AFSA) is the primary trade association for the consumer credit industry, protecting access to credit and consumer choice. AFSA provides the consumer credit industry and the consumers it serves with a voice in Washington, DC and nationwide.

AFSA members provide consumers with many kinds of credit, including mortgages, payment cards, traditional installment loans, direct and indirect vehicle financing, and non-vehicle retail sales finance. (i.e. furniture and other goods primarily for personal, family or household purposes.) AFSA members do not provide payday or vehicle title loans.

Through its foundation, AFSA is committed to consumer credit education. The American Financial Services Association Education Foundation’s mission is to educate consumers of all ages on personal finance concepts and to help them realize the benefits of responsible money management.
