### What Teachers are Saying

“Teaching middle school students about money is always challenging! When I found the MoneySKILL program, it simplified EVERYTHING! My students love it and I love the ease of the grading and lessons. Thank you!”

Meg Stewart, M.Ed.  
Instructor, Purvis Middle School  
Purvis, Mississippi

“I like MoneySKILL because it prepares students to make adult decisions, using materials that treat them as adults, not to mention that it’s free. Much of the curriculum in high school personal finance tends to provide materials that seem more appropriate for middle school. Those materials will quickly lose the interest of a high school senior.”

Linda Smith, Economics Teacher  
Rockwall High School  
Rockwall, Texas
